

DevExpress End User License Agreements

The terms of our license are fully outlined/described in the Developer Express Inc End User License Agreement (EULA) included with our product installations. Before you can install and use a Developer Express Inc product, you must read, understand and accept the terms/conditions of our EULAs. Though the sample EULAs and the Questions and Answers listed below in no way supplant/replace the terms/conditions defined within individual EULAs included with our product installation, we hope they will explain some of the terms/concepts contained within the End User License Agreement.

If you have questions regarding our license and terms of use, please write to us at info@devexpress.com.
