Register

Registration is available via www.mitec.cz.

I send you current version of MiTeC System Information Component Suite with sources by e-mail so don't forget deliver me your e-mail address.

Distribution pack:

- .\ Info directory
- .\common Common libraries and APIs source files (only in registered version)
- .\common\RAD5 compiled units containing common libraries and APIs and packages for Delphi 2007 (not in registered version)
- .\common\RAD7 compiled units containing common libraries and APIs and packages for Delphi 2010 (not in registered version)
- .\common\RAD8 compiled units containing common libraries and APIs and packages for Delphi XE (not in registered version)
- .\common\RAD9 compiled units containing common libraries and APIs and packages for Delphi XE2 (not in registered version)
- .\common\RAD10 compiled units containing common libraries and APIs and packages for Delphi XE3 (not in registered version)
- .\common\RAD11 compiled units containing common libraries and APIs and packages for Delphi XE4 (not in registered version)
- .\common\RAD12 compiled units containing common libraries and APIs and packages for Delphi XE5 (not in registered version)
- .\common\RAD14 compiled units containing common libraries and APIs and packages for Delphi XE6 (not in registered version)
- .\common\RAD15 compiled units containing common libraries and APIs and packages for Delphi XE7 (not in registered version)
- .\common\DAR16 compiled units containing common libraries and APIs and packages for Delphi XE8 (not in registered version)
- .\common\RAD17 compiled units containing common libraries and APIs and packages for Delphi 10 Seattle (not in registered version)

- .\common\RAD18 compiled units containing common libraries and APIs and packages for Delphi 10.1 Berlin (not in registered version)
- .\common\RAD19 compiled units containing common libraries and APIs and packages for Delphi 10.2 Tokyo (not in registered version)
- .\common\RAD20 compiled units containing common libraries and APIs and packages for Delphi 10.3 Rio (not in registered version)
- .\common\RAD21 compiled units containing common libraries and APIs and packages for Delphi 10.4 Sydney (not in registered version)
- .\common\RAD22 compiled units containing common libraries and APIs and packages for Delphi 11 Alexandria (not in registered version)
- .\msics Source files (only in registered version)
- .\msics\apps Applications written using this component (only in registered version)
- .\msics\demos Sample applications
- .\msics\dll MSICS.DLL library for using MSI data from any app
- .\msics\RAD5 compiled units containing components and packages for Delphi 2007 (not in registered version)
- .\msics\RAD7 compiled units containing components and packages for Delphi 2010 (not in registered version)
- .\msics\RAD8 compiled units containing components and packages for Delphi XE (not in registered version)
- .\msics\RAD9 compiled units containing components and packages for Delphi XE2 (not in registered version)
- .\msics\RAD10 compiled units containing components and packages for Delphi XE3 (not in registered version)
- .\msics\RAD11 compiled units containing components and packages for Delphi XE4 (not in registered version)
- .\msics\RAD12 compiled units containing components and packages for Delphi XE5 (not in registered version)
- .\msics\RAD14 compiled units containing components and packages for Delphi XE6 (not in registered version)
- .\msics\RAD15 compiled units containing components and packages for Delphi XE7 (not in registered version)
- .\msics\RAD16 compiled units containing components and packages for Delphi X87 (not in registered version)
- .\msics\RAD17 compiled units containing components and packages for Delphi 10 Seattle (not in registered version)
- .\msics\RAD18 compiled units containing components and packages for Delphi 10.1 Berlin (not in registered version)
- .\msics\RAD19 compiled units containing components and packages for Delphi 10.2 Tokyo (not in registered version)
- .\msics\RAD20 compiled units containing components and packages for Delphi 10.3 Rio (not in registered version)
- .\msics\RAD21 compiled units containing components and packages for Delphi 10.4 Sydney (not in registered version)

.\msics\RAD22 compiled units containing components and packages for Delphi 11 Alexandria (not in registered version)

Installation:

Remove all old versions of MSICS before installation of the new one!

Using Delphi, do a file/open and choose MiTeC_Common_xxx.dpk which is a runtime package containing common used routines. Click compile button.

Then open MSICS_xxx_Rtl.dpk (runtime source for all components) and then click on the Compile button.

Then open design-time package MSICS_xxx_Dsgn.dpk and then click on the Install button.

You should see the "MSIC Suite" tab on the component palette.

!!! Be sure to uncheck 'Stop On Delphi Exception' option in Debugger Options|Language Exceptions.

Support:

If you have some problem or suspicion something bad, send me e-mail to

<Michal.Mutl@mitec.cz> describe your problem and attach SIF file generated

by TMIteC_SystemInfo.SaveToStorage. If you cannot obtain this file add following info

to this message: OS platform and version

Delphi version

MSICS version.

I will process all suggestions but reply only someones.
